Application for Certification for the
Community Power Plant Project

DOCKET NO. 07-AFC-7

**KRCD's COMMUNITY POWER
PROJECT STATUS REPORT
NUMBER 5**

The Kings River Conservation District (KRCD) submits this Status Report Number 5 to update the Committee on the progress related to the processing of its Community Power Plant (CPP).

While KRCD continues to anticipate that the San Joaquin Valley Air Pollution Control District (District) will be able to issue a Preliminary Determination of Compliance (PDOC) late this year, KRCD remains close to procuring real-time ERCs as well as any of the remaining ERCs needed to satisfy the balance of required offsets. KRCD does expect to file Data Responses on October 3, 2008, to Staff issued Data Requests. In addition KRCD expects to file Supplement B, as well as a supplemental Data Response Set containing the canal study, water modeling and a revised Biological Assessment in late October.

Dated: October 2, 2008

David Wiseman
Counsel to KRCD
